Dear Dr. Lidel:

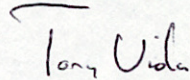

I serve as an independent consultant to the American Iron and Steel Institute here in Washington.

Could you kindly forward to my attention any and all comments made by the United Steelworkers Union of America on the Regulation "Approval Criteria for Respirators in Protective Devices". This regulation is 30 - CRF - 11.

If no such comments and/or testimony have been received by USWA, a response indicating that such is the case would be greatly appreciated.

Thank you very much.

Sincerely,

Tony Viola
