

STOP!

- If you are 65 or older

OR...

- If you have health problems like—
 - diabetes
 - sickle cell disease
 - cancer
 - HIV

OR...

- If you have problems with your—
 - heart
 - lungs
 - liver
 - kidneys

Ask your doctor about the pneumococcal shot today!

- It is safe and can help keep you healthy!
- It does not make you sick
- Medicare/Medicaid pays for it

Ask your doctor or health care provider for more information.
