

STOP!

- If you are 65 or older

OR...

- If you have health problems like—
diabetes
sickle cell disease
cancer
HIV

OR...

- If you have problems with your—
heart
lungs
liver
kidneys

**Ask your doctor
about
the pneumococcal
shot today!**

- It is safe and can help keep you healthy!
- It does not make you sick
- Medicare/Medicaid pays for it

Ask your doctor or health care provider for more information.
