1 Rank based on number of deaths

\* Figure does not meet standards of reliability or precision

[Rates per 100,000 population in specified group. Data for races other than white and black should be interpreted with caution because of inconsistencies between the reporting of race on death certificates and on censuses and surveys. New ICD-10 code J09 (Influenza due to identified avian influenza virus) was added to the category Influenza and pneumonia in 2007; there were no deaths due to J09 in 2007]
